

Right now school is closed.

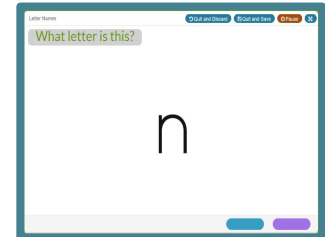

I will talk to my teacher and learn on the phone or computer while school is closed.

When I am with my teacher on the phone or computer, I sit in my chair in a quiet place and listen carefully.

Sometimes my teacher asks me lots of questions to see what I already know. If I don't know the answer, that is okay. She'll just ask the next question.

Sometimes I may need to ask someone in my family for help. That's okay too. I will tell my teacher and go get them.

My teacher will tell me when we are finished. My teacher will be happy to know how much I have learned.
